PreCollege Nano Education

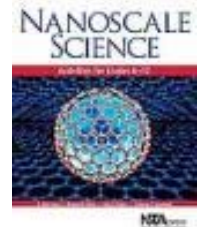

Teacher Workshops

Teacher Research Experiences

Curriculum Materials Development

Nano in Schools

Research on learning nanoscale science, gender and nano, ethnicity and nano

Undergraduate Education

NSF NUE Funded New Course

Nanoscience - A Small Look into our Future

Nanoscience Concentration- Department of Chemical and
Biomolecular Engineering

Sustainability, Energy and Engineering (SEE Program)

Undergraduate Research Experiences

Public Education

Citizen forums- NC Museum of
Life and Sciences

NanoDays

NanoDays

- 1500+ science students and teachers
 - Lab Tours
 - Hands-On Investigations
- Volunteer for NanoDays 2008
 - April 4th from 2- 6 pm
